

Makes Your Stuffed, Catarrhal Head Clear as a Bell

When you wake in the morning plagued with the tortures of head colds and catarrhal head nose and throat stopped up, air passages clogged with obnoxious catarrhal discharges that have collected during the night and you can hardly breathe—just put a little Hyomol Pocket Inhaler charged with the pleasant healing oil of Hyomol between your lips. Hold it there while breathing and breathe the medicated, antiseptic, germ killing air deep into your nose, throat and lungs with every breath you draw.

By the time you are dressed your head will be clear as a bell, you will breathe with ease and comfort, eat your breakfast with a relish and go about your day's work with a clear brain and steady eye.

This clean smelling, germ destroying air of Hyomol penetrates deep down into every fold and crevice of the membranous linings of your nose, throat and lungs where no liquid spray could possibly get and absolutely kills and drives out of your system every germ it finds there, heals the inflamed swollen tissues and after the very first trial you notice a wonderful improvement. A few weeks' use and every catarrhal germ is killed and driven out of your system.

Druggists everywhere think so well of Hyomol that they will gladly give you a guarantee with every complete inhaler set you purchase that if it does not satisfy them they will gladly refund every cent you paid for it, but if using for the first time you notice a wonderful improvement in your catarrhal condition, as the smaller package does not contain the inhaler, ask for Hyomol or most any other reliable druggist will gladly supply you on request.

MIDDLETOWN PREPARING FOR THE BAPTISTS.

State Convention is to be Held There in October.

A Middletown correspondent writes: The First Baptist Church of Middletown is preparing for the annual convention of the Connecticut Baptist Convention in October. The congregation voted Tuesday evening to extend an invitation to the convention committee and, as previous information had been given that it would be accepted, the 1915 convention will be in Middletown. The Norwich Baptist Church had originally invited the convention to meet in that city but recently withdrew the invitation owing to an inability to meet the expense involved.

AT DAVIS THEATRE.

Vaudeville and Playlets.

For a change of bill at the Davis theatre on Thursday the Homan's Musical Revue presented the funny farce called "The Foolishness of Peace-time." The parts were cleverly taken as follows:

The Foolish—Princess Elwood; The Village Currier, Ray Pendleton; The Wife, Betty Farrington; The Husband, Robert Jewett.

Each one brought out the fun in the lines and the situations, winning applause for the entertainment they offered. The farce was followed by the musical and dancing revue by the vaudeville company. In the middle of the successes it has already scored in appearances before Norwich audiences. Mr. Boudray, Mr. Morris, Mr. O'Brien, Mr. O'Brien and Miss Lugin, Miss Pendleton and Princess Elwood were all contributors to the bill and the chorus sang in fine tone and put out into their dancing numbers that made these favorite parts of the bill.

In the motion pictures were a Domino feature reel, a Matinee and one of the Keystone comedies with Mabel Norman and Owen Moore.

Liable to Get Fooled.
And Germany mustn't think that because Mr. Wilson's head is cool his feet are the same way—Columbia (S. C.) State.

APPROVES COAST ARTILLERY

Governor Holcomb Complimented Them for Work With the Big Guns—Reviewed Citizen Soldiers at Fort Wright—Rain and Fog Interfered With Programme.

Governor Marcus H. Holcomb saw the coast artillery companies of the state handle the big guns while he was at Fort Wright on Fishers Island on Thursday for Governor's day. It was the first time this commandment that the men had had a chance to fire the big guns. They manipulated them skillfully and Governor Holcomb took occasion to compliment Colonel Dorsey upon the precision and speed with which the citizen soldiers handled the guns. This full-service firing is the big event of the annual camp and the soldiers have been looking forward to it since camp was established.

Rain and fog interfered somewhat with the schedule of the governor's visit. A heavy downpour in the morning made it necessary to abandon the morning events arranged in honor of the visit of the governor and the result was a general retarding of the whole day's programme.

Governor Holcomb and Adjutant General George M. Cole arrived at Fishers Island about 8 in the morning. As the governor landed he was greeted with the governor's salute of 17 guns. Governor Holcomb and General Cole were received by Col. Henry S. Dorsey, commanding the Coast Artillery company, and the National Guard and officers both of Fort Wright and of the National guard.

Col. John D. Barrette, commanding the coast defenses of Long Island sound, entertained at breakfast at the post in honor of Governor Holcomb. Among the guests were General Cole and Colonel Dorsey.

The guardsmen went through gun drills as soon as the weather let up a little. Later Governor Holcomb visited the batteries and inspected the portions that are under cover. The governor was greatly interested in the working of the monster guns, which are the bulwark of the nation's coast defense.

NEED FUNDS FOR HOSPITAL AT VAN.

Dr. Clarence Ussher Sends Telegram to Norwich Town—1000 Patients in Hospital.

A telegram has just been received uptown from Dr. Clarence Ussher of Van Turkey, a brother-in-law of Mrs. D. W. Avery, urgently appealing for aid for the one thousand patients who are in his hospitals there. The need is great as he has not nearly enough funds to carry on this work. Remittances can be made to Frank H. Wiggin, 14 Beacon street, Boston, treasurer of the A. S. C. F. fund, or to Dr. Ussher, for relief work in Van, Turkey.

MONTVILLE SCHOOLS END THEIR YEAR

Graduation Exercises Were Held in Palmer Memorial School.

The graduation exercises of the public schools of Montville were held in the assembly hall at Palmer Memorial school at 8 o'clock Thursday evening. Since Supervisor Carlson R. Wheeler took charge of the schools it has been the custom to have the graduating exercises of the schools in the outlying districts transferred to the Palmer school, to accommodate the large attendance. Pupils from the Palmer-town, Chapel Hill, West Side and Chesterfield districts who passed their examinations Thursday received diplomas Thursday night, and tendered a reception to former graduates Friday morning in the assembly hall. At the reception the minister show recently given by the pupils of the Palmer school was repeated. Following was the graduation program:

Song, Merry June, school; recitation, Burial of Sir John Moore, George P. Edwards; essay, Joan of Arc, Helen Colman; recitation, selection from The Vision of Sir Launfal, Gussie Rogoff; essay, Our Struggle for Independence, Charles Caulkins; solo, Florence L. Chapel; essay, Patriotism, Mildred Katzman; recitations, Lincoln's Gettysburg Address, Benjamin Cohen; Old Glory, Gladys E. Gough; essays, Solrab and Rustum, Abraham Bayne; Forest Muses, Frances Okrant; song, Night Bells, school; essays, Enoch Arden, Jacob Wild; Wild Flowers of Our Town, Hilda Well; Matino solo, Ada C. Williamson; recitations, Barbara Fitchie, Edna V. Judge; One Host, Shay, Jeanette A. Home; presentation of diplomas, Charles W. Comstock, chairman school committee; awarding of Comstock prizes, Frank H. Rogers; song, The Lily and the Rose, school.

The following are the graduates: Palmer school: Florence L. Chapel, Gladys E. Gough, Edna V. Judge, Jeanette A. Home, Ada C. Williamson and George P. Edwards. Chapel Hill school: Frances Okrant, Gussie Rogoff, Jacob Plitch and Hilda Well. West Side school: Helen and Benjamin Cohen. Chesterfield school: Charles B. Caulkins, Minnie Katzman and Abraham Bayne.

HIBERNIANS WILL MEET IN MIDDLETOWN

Divisions Vote to Hold State Biennial Convention in That City.

The next biennial convention of the A. O. U. of Connecticut will be held in Middletown. This has been decided after a poll of the divisions of the state. State President William T. May of New London and other members of the state board went to Middletown, Sunday, and met a delegation of Middletown members to confer regarding the convention.

The exact date has not been selected, but it will be in August, 1916. Last summer the state convention assembled here.

TO QUICKLY DARKEN, GRAY, FADED HAIR

An Old French Recipe.

If you want your hair to have that youthful, vigorous appearance that will compel the admiration of everybody, step into your druggist the first chance you get and secure 7 ounces (a large bottle) of LeMay's Cream of Sage and Quinine for not more than 60 cents. With a few applications your gray or faded hair will be gone, instead you will have a lovely, even shade of dark, lustrous hair, and your best friends won't know you are using anything. This safe and sure French recipe is not a dye and contains no lead or injurious substance.

IMPORTANT: While LeMay's Cream of Sage and Quinine will stop graying hair, scalp itch and remove dandruff in one week, it should not be used by people who do not desire their hair restored to its natural color. Get it at Lee & Good's.

defence. Soon after noon when the sun had broken through and seemed good for all day, the coast artillerymen began making ready for the full-service firing and some time later the national guardsmen fired the great guns with Governor Holcomb and General Cole looking on. The big batteries were handled just as they would be if a hostile fleet were off the Atlantic coast trying to shell its way into New York harbor.

Entertained at Luncheon. Colonel Dorsey was host at luncheon at headquarters in honor of Governor Holcomb. The guests were Governor Holcomb, General Cole, Colonel Barrette, Capt. J. P. Terrell, adjutant at Fort Wright; and Capt. Ernest R. Barrows of New London, adjutant on Colonel Dorsey's staff.

It was the original program to have the entire regiment parade in review before Governor Holcomb, as chief executive of the state, and General Cole, as head of the state national guard, but the parade was scheduled for the time which, owing to the upset of plans, had to be given over to the full service firing.

The number of visitors at the camp today was smaller than usual for a governor's day. Many were to the government wharf this morning to take the boat, but decided not to make the trip when rain threatened.

Capt. Arthur W. Keele of New London, corps postmaster, was detailed by Colonel Dorsey to act as aide to Governor Holcomb. He accompanied the governor to the island Thursday morning. When the customary parade was omitted as the guardsmen were at work until late getting the guns ready for the full service firing Thursday.

MYSTERIOUS STAMP BOY AND GIRL DISCOVERED.

Mrs. M. V. B. Pierson and Miss Mary C. Neff Each Presented With 1000 S. and H. Green Trading Stamps.

Promptly at 12 o'clock the mysterious boy and girl, sent out by the Manhattan to walk up and down Main street somewhere in the neighborhood of Franklin square until they were discovered by some one, left the store with the 1000 S. and H. green trading stamps. The two men, who were to continue their walking up and down the street until some one stepped up to them and asked if they were the S. and H. green stamp boy or girl, upon which question the first person asking was to be presented with a letter bearing the signature of the Manhattan and stating that the stamps were given with the compliments of the Manhattan and that the 1000 stamps were more than are contained in any one book. This gives an old collector a big helping if he has wanted it happen to be a new collector it would give a start that few persons receive.

Shortly after 1 o'clock Mrs. M. V. B. Pierson of 135 Main street was stopped up to a little fellow and asked: "Are you the S. and H. green trading stamp boy?" and much to her surprise was presented with the 1000 stamps. Naturally she was very much pleased and walked away the proud possessor of her valuable gift.

At 1:15 o'clock Mrs. M. V. B. Pierson of 135 Main street was stopped up to a little fellow and asked: "Are you the S. and H. green trading stamp girl?" She, like Mrs. Pierson, was presented with the 1000 stamps. This cleared the trading stamp mystery and two Norwich persons were the first to receive the 1000 stamps each. The new plan worked out with great success and has made many friends for the Manhattan during the week. The S. and H. green special events for today at the Manhattan in commemorating the stamp jubilee week and Saturday will be the great day for the deciding of the guessing contest.

REPUBLICANS HAD MORE MONEY THAN NEEDED.

Election District Treasurers Had Balances to Turn Back.

Reports of money expended in the city election were filed at the town clerk's office on Thursday as follows: Frank H. Smith, republican treasurer in the First district, had \$75 to spend and used all but \$10, which he returned to the town committee. The expenditures were as follows: For telephone \$3, carfare \$4.50, cigars \$5.50, lunch, \$10, two tickets at \$22, automobiles \$30, postage and supplies \$4.50.

Casper K. Bailey, treasurer in the Sixth district, had \$100 to spend and used all but \$13.12, which he returned. The money was spent as follows: Cigars \$5.50, auto \$30, lunch \$4.50, car tickets \$3.55, workers at \$15.

William S. Murray, republican candidate for councilman, contributed \$5 to the town committee. Casper K. Bailey, republican candidate for alderman, contributed the use of two teams, with drivers.

Frank H. Woodworth, treasurer of the Second voting district, received \$50 and spent \$49, returning the balance of \$1 to the republican town committee. The expenditures were as follows: \$5 for rent, \$10 for auto, \$22 for assistants at polls, \$2.50 for dinner, \$8 for cigars, \$1 for telephone, \$2 for car tickets and \$5 cents for stationery.

William S. Murray, republican treasurer in the Third district, received \$75 and spent \$72.30, returning the \$2.70 balance to the town committee. The money was used as follows: Automobile \$20, assistants at polls \$24, cigars \$22, car tickets \$10, room rent \$1.50, dinners \$4.50.

Arthur G. Crowell, republican candidate for city clerk, paid \$2.50 for printing.

Nominal Request to Norwich Relative.

New York papers said Thursday: In her will disposing of an estate in excess of \$100,000, filed yesterday, Mrs. Jeannie Hamilton Heaton makes bequests of \$1 each to her niece, Gwendolyn Kuhne, of the Essex hotel, and her son, L. L. Linnell, of Norwich, Conn., and then says: "I make no other further disposition for which benefit applications for gray or faded hair will be gone, instead you will have a lovely, even shade of dark, lustrous hair, and your best friends won't know you are using anything. This safe and sure French recipe is not a dye and contains no lead or injurious substance."

Charles Elbert Heaton of Blythe-wood sanitarium, Greenwich, Conn., widow, receives only \$100 because "he is well provided for."

Missouri in two years has received \$150,000 from its corporation tax.

DAIRY SCORING EXHIBIT AT STORRS

Result of the First Ever Held in This State—Another Arranged for Aug. 4.

The first dairy scoring exhibition of its kind ever held in Connecticut occurred on May 22. Already letters are coming in from leading dairymen in the state which show their appreciation of this new line of work. The scoring will take place Aug. 4th. The exhibitors are bound to increase in importance each time they are held. The circulars describing the exhibition were sent out only a short time before the first exhibition was held. But for this fact the number of entries would doubtless have been larger. The dairy scoring will take place Aug. 4th and 11th. All milk scoring 80 or above and butter scoring 90 or above will be put on exhibition during the convention, this being left at the option of each exhibitor. Question and entry blanks will be mailed to all those who participated in the first exhibition. Others should make application for blanks to Superintendent Milk and Butter Scoring, Storrs, Conn.

The following is a list of those who scored 85 or better on milk and who wished their scores published:

F. H. Rowley, New Britain, Conn. 87. Highland Farm (H. B. Cook, supt.) Storrs, Conn. 87.4. Greenway Farm (J. R. Foster, supt.) South Manchester, Conn. 87.3. Branford Farms, Groton, Conn. 86.7. C. S. Barrows, New Britain, Conn. 85.3. Robert E. Stearns, Williamantic, Conn. 85.3. F. W. Fildin, South Manchester, Conn. 82.1.

The following scored 80 or above on butter and wished their scores published:

Milo D. Beach, Litchfield, Conn. (Creamery) 13.5 2.1 95.5. Branford Farms, Groton, Conn. (Dairy) 13.4 1.1 91.5.

By examining the question blanks sent in by the exhibitors, considerable valuable information was brought out and some of the most interesting points will be cited. Of nine men scoring 85 or better, only two fed any feed, and these grain only, just previous to or at milking time. Of those scoring under 85 (seven in number) four fed at milking time. It is also interesting to note in this connection that the only exhibitor reporting as having fed hay previous to milking scored 0 on bacteria and 5.5 on sediment.

Of the nine scoring 85 or above, seven reported washing the udder before milking, two used a damp cloth, one used a dry cloth and one used nothing. Of the seven scoring below 85, four used a damp cloth, one a dry cloth and two nothing. One very interesting point was that six out of the nine scoring 85 or better used a small top pail, one a milking machine and two an open pail. Of the seven scoring under 85, one used a covered pail, two a milking machine and four an open pail.

There were three cases of milking machines being used; one had a perfect score of 35 points on bacteria; one had only 16 and the other 0. From the question blanks it would be seen that in the latter two cases (one in particular) improper care was given the machine. While this does not show definite results it does indicate that the milking machine can be so handled as to give either good or bad results.

One of the worst defects in the butter was that the body of most of it was hurt by churning at too high a temperature and washing in too cold water, or else by overworking. A large part of the trouble lies in the fact that

Proper Thing Now Is To Peel Off Soiled Skin

Those who abhor sticky, greasy, shiny, streaked complexions should realize that the cause of these troubles is not the heat of the day, but the use of the wrong kind of soap. There's no need for them, anyway, since the virtues of mercolized wax have become known. No amount of perspiration will produce any evidence that you've been using the wax. As it is applied at bedtime and washed off in the morning, the complexion never looks like make-up. Mercolized wax gradually takes off a bad complexion, instead of covering it up. It is the best of cosmetics and accomplishes much more than the most expensive powder. It is white, satiny and youthful. Just get an ounce of it at your druggist's and see what a few days' treatment will do. Use like cold cream.

Good effective summer treatment—heat tending to cause wrinkles and blemishes—is a skin-tightener made by dissolving one of powdered saxolite in 15 pt. witch hazel. Its use (as a face bath) leaves no trace.

APRIL REPORT BY BUILDING CO. RECIVER.

Put on File By John A. Moran For Fenton Building Co.

Receiver John A. Moran has filed with the clerk of the superior court his report for April in the matter of the Fenton Building Co. It includes these items:

Paid to receiver from April 1 to May 1, 1915: Storrs College armory, State of Connecticut, \$880. Warner Miller Co., \$11, balance in bank April 1, \$1,263.43, total \$1,944.43.

Full payment by Receiver Moran, E. Blake, payroll, \$213.77, Fred S. Cox \$25, N. A. McCrohan \$45, J. F. Tompkins \$150, C. E. Whitaker \$100, H. P. Deane \$15, John Costello \$15, 44, Preston Brothers \$6.50, The Vaughn Foundry Co. \$1.45, total \$710.46. Balance in bank May 1, \$1,233.97.

During April \$14.49 for office expenses, \$6.57, and for Storrs College payroll \$7.92; balance on hand May 1 \$7.30.

The Brooklyn guardsmen will, during their period of leave, participate in joint maneuvers with the regular army unit stationed at that point and will have 45 chance to see the big guns there. The Coast artillery troops will be mustered for pay by the United States and rations will be drawn from the camp quartermaster located at Fort Wright. Officers and civil employees will be substituted at the expense of the state and transportation will be furnished by the United States.

Moved to Broadway Residence. Mr. and Mrs. Daniel T. Shea, and family moved on Thursday from the apartments they have occupied in the Manhattan to the new residence on Broadway, just bought by Mr. Shea. The apartments which they have left in the Manhattan have been taken by Dr. and Mrs. D. J. Shahan.

Ice Cream for Telephone Workers. The young ladies at the telephone exchange enjoyed a treat of ice cream Thursday through the thoughtfulness of Thomas J. Fitzgerald. The cooling refreshment was gratefully received on the hot day.

Java's sugar crop this year is estimated at 1,250,290 longtons.

Don't you need a new ice box?

Dear Amy:

I ran into a neighbors through the backway the other day. My! It was shocking to see the old, battered ice box she had. If I didn't have anything else I'd have a new up-to-date ice box for a sanitary, clean ice box means a healthy family.

Would you use a rusty ice box if you were able to buy a new one? Not for me. Baby John's milk must be properly kept. An unsanitary ice box endangers the health of the whole family.

Good-bye Lou,

P. S.—You get the most reasonable prices on ice boxes, and the kind you can't find anywhere else, from
